In *Against Depression*, Peter Kramer opens our eyes once again to a fresh, important and humane understanding of the human condition. His bold rethinking of the condition we call 'depression' gives us a clear-eyed scenario for freedom from the grip of this soul-searing disorder." — Daniel Goleman, author of *Emotional Intelligence*

The assumption that suffering from mental illness is a prerequisite to genius and that humanity would be the poorer if depression were conquered is anathema to Kramer. Instead, he asserts, it is “the most devastating disease known to humankind,” and to back up his claim he cites some astonishing statistics: \$40
