Buried Onions

Plant onions so that no more than one inch of soil is placed above the sets or seedlings; if too much of the bulb is buried, the growth of the onion will be reduced and constricted. Space onion sets 4-6 inches (10.2-15.2 cm) apart, and onion seeds 1-2 inches (2.5-5.1 cm) apart.

How to Grow Onions: 10 Steps (with Pictures) - wikiHow

In ancient Egypt, onions were considered sacred, an embodiment of eternity and an object of worship. Onions were buried with the pharaohs who believed that because onions prevent thirst, they were necessary on their journey to the afterworld. Artwork of onions also embellished the walls of the Egyptian royalties' tombs.

14 Things You Didn't Know About Onions • Insteadig

Growing onions is simple: If you can poke a hole into the ground, you can grow an onion from a little plant. Most of our onion varieties are sold as little seedlings in bare-root bundles; each plant will start growing within days after you plant. If you can't plant your onions right away, remove their bindings and place them in a bucket with 2 inches of moist soil in the bottom.
