represents one of the most comprehensive books about state of the smart city technologies and whole ecosystem around it. I was able to find all of the key players and a lot of rising stars of the smart city movement. It is excellent selection of leaders, full of great insights, and showing interesting vision of the future.

future's sustainable**

Read PDF Future Cities 42 Insights And Interviews **cities could look like**

Aberdeen is Scotland's third-largest city with a population of 197,000. It is nicknamed 'the Granite City' as many of its buildings are built from the local stone, the quarrying of which formed the city's main industry for centuries. It has been a hub for the oil industry since the 1970s, when North Sea oil was discovered.
