420cc valve lash - elisabeth-bauer-stiftung.de

Simply restarting the engine puts it back to its original configuration and therefore enables the turbo to be 'recuperated' in perfect working order. By contrast to other power kits on the market, P-Tronic additional chip tuning box-units maintain this active parameter in order to preserve the turbo in cases where too much is asked of it.

P-Tronic chip tuning : tuning box for diesel and petrol engine
