The Challenger Sale. Matthew Dixon and Brent Adamson. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, The Challenger Sale argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-business solutions. The authors' study found that every sales rep in the world falls ...

The benefits of privatization are well documented by empirical studies, so they will not be rehashed in this piece. Yet many still assume that some commodities are beyond privatization. Too often proponents of privatization fail to appreciate that humans are sentimental characters, and as a result, they are unwilling to commodify

The setting is X, the so-called moonshot factory at Alphabet, the parent company of Google. And the scene is not the beginning of some elaborate joke.

Inside X, Google's Moonshot Factory - The Atlantic

Improving financial performance means asking at least three questions. Unfortunately, many managers answer them using assessments of relative performance. Instead, the focus should be on adopting a method that measures a company's relative performance, sets targets, and estimates the probability of achieving specified targets over different

Kaizen approach: 6 steps to continuous improvement

Business process re-engineering (BPR) is a business management strategy, originally pioneered in the early 1990s, focusing on the analysis and design of workflows and business processes within an organization. BPR aimed to help organizations fundamentally rethink how they do their work in order to improve customer service, cut operational costs, and become world-class competitors.

Gao et al. took a different approach in 2015 and used a polymer meant to improve the MOF performance. The group, incorporated an ion exchange polymer, sodium poly(4-styrenesulfonate), into a prominent MOF known as MIL-101 (Cr) [130] , which consists of Cr₃O trimeric units interlinked by 1,4-BDC [133] .
