The Flash of Lightning Behind the Mountain is a collection of poetry categorize into 4 parts. The beginning of his life as a postman, to finding his love, to meeting influential people, and his battle with leukemia. It's amazing that he writes humor in spite of his battles. Which is why he became my inspiration in writing.

Thunder is created when lightning passes through the air. The lightning discharge heats the air rapidly and causes it to expand. The temperature of the air in the lightning channel may reach as high as 50,000 degrees Fahrenheit, 5 times hotter than the surface of the sun. Immediately after the flash, the air cools and contracts quickly.

Understanding Lightning: Thunder

If you're here I'm guessing you're familiar with Charles Bukowski. These posthumous collections are supposed to span a wide range of Bukowski's career. I've found them to be more poignant, and "The Flash of Lightning Behind the Mountain" has been my favorite so far.
